# Pool options are endless...

## Concrete / block liner pools

A concrete / liner pool can be installed within 10 days. This includes the concrete footing, block work, rendering and installation of the pool liner.

## On-site liner pool

Upgrade your pool to an on-site liner pool offering greater choice in size and shape to make it your dream pool. 15 year pro-rata guarantee on the liner.

## Indoor pool

Gives the owner added luxury. They are perfect for all year round swimming for all the family.

## DIY Vycon block & liner pool kits

The ever popular Vycon pool kit comes with a pre-packaged and more comprehensive plumbing and chemical kit.

## NIVEKO skimmer pools

Basic types of overflow channels, together with a large selection of skimmer pools, fulfil all quality standards of NIVEKO pools.

## Heatform Panel swimming pools

The heat retaining panels on these pools are designed to trap heat in the pool and keep the surrounding cold out.

A large outdoor swimming pool with a wooden building, hot tub, and lounge chairs. The pool is surrounded by a paved deck and a grassy area in the background. The wooden building has a small shed attached to it. Two blue and white striped lounge chairs are on the deck. A hot tub is visible on the left side of the pool. The background shows a green lawn and a fence.

no obligation quote  
on your NEW  
swimming pool.

# Wensum Pools refurbishment

A regular maintenance program helps to hold back the ravages of time but when pools become dangerous or ugly it is time to carry out a refurbishment.

Pools that have been refurbished properly are more enjoyable, safer and cheaper to run. Wensum Pools have refurbished hundreds of swimming pools so we know all the ways to bring a pool back to life quickly and cost effectively. Leaky concrete pools can be restored or liners fitted, worn liner pools can be replaced with a superior replacement. Dangerous and ugly pool surrounds can be re-laid and restored to their former glory.

Inefficient filtration and heating systems can be upgraded and become easier and cheaper to run. Pool usage can be increased by fitting enclosures enabling all year use. Automatic dosing and pool cover systems can be fitted to remove the chores involved with owning a pool.

# New & improved pool products for 2023

## 1 Nova Steam Shower Cabin

Free standing cabin from Harvia which will add a touch of luxury and modern appeal to any bathroom.

## 2 Harvia Spirit Heater

A compact electric sauna heater that combines mystique and beauty in one package.

## 3 Vaporex VPX

The perfect solution for your indoor pool application and are available as either a wall mounted or through the wall unit.

## 4 Charisma Enclosure

A high level, wide span telescopic pool enclosure.

## 5 Clever pool pump inverter

A low cost solution designed to greatly reduce the running costs of pool circulation pumps and improve the efficiency of swimming pool filtration.

## 6 Hekla sauna

Our cube saunas are very popular due to their unique shape. With the huge glass panel window, you can enjoy stargazing the night sky, watching the sunset or rise or simply enjoy the peace and quiet. It's the perfect getaway for me time or to relax with friends and family.

## 7 Harvia legend wood fired hot tub

Easy to maintain with a large plastic pool inside. This long-lasting model can fit in 4 to 6 persons and is suitable for versatile use, from evening parties to family moments.

# ENDLESS POOLS

## Fastlane Pro Counter Current Unit

- Easy installation & maintenance
- Fits anywhere
- Swim without turning
- Kid endorsed

## VELOCITY

a powerful, energy-efficient and high performance jet providing the ultimate swimming experience for the modern athlete.

## HeatForm insulated pool panels

HeatForm insulated pool panels are the convenient and eco-friendly way to build a high quality in-ground or above-ground swimming pool in your home, garden, spa or school, whilst helping the planet at the same time.

The modular HeatForm panel system allows you to create a pool to suit your requirements – from exercise pools and domestic pools up to large commercial installations.

The panel system is flexible and easy to install. The panels are available in four lengths (0.5m, 1.0m, 1.5m and 2.5m) with three different height options 0.9m, 1.2m and 1.5m for use both in-ground and above-ground.

No more travelling back and forth to the gym or the local pool, now you can relax, train or exercise in the private comfort of your own swimming pool. The beauty of HeatForm is in its flexibility and we are confident that we can provide something for everyone – you set the parameters and we will provide the solution.

Whether in-ground, above-ground, small or large, shallow or deep, the possibilities are endless. As well as traditional designs suited to lane swimming, HeatForm pools can be used as hydrotherapy pools or teaching pools.

## Coverseal

The fantastic Coverseal safety cover system provides numerous benefits to your customers and provides peace of mind. With a cover capable of supporting up to 150kg per m<sup>2</sup> in the event of someone falling on it and a unique patented operation, Coverseal provides a clean aesthetic and long lasting secure option for even the most discerning customer.

# Wooden Exercise Pool

There is no doubt that swimming is the best exercise you can do. It burns calories and strengthens muscles without impacting upon joints and is a great stress reliever too.

A counter current system allows you to use your wooden pool as an exercise pool, massager and regular fun pool! Most systems have a jet sitting about 30cm below the surface of the water. You can vary the flow rate so it suits all the family. Some may want massage or gentle exercise while others want a long distance, ever increasing resistant current!

All controls are accessible from within the pool. You can change your mind and easily amend the settings or switch it on or off.

## Specifications and features

- Dimensions: (H)1.183m (L)3.916m (W)2.426m
- Supplied with 316 Stainless Steel 43mm Removable ladder with double top tread, for added safety.
- AquaJet Counter Current units

# Automatic Pool Cleaners

Demo available to try

Alpha iQ™ range | Ultra-efficiency combined with intelligence

Thanks to its Sensor Nav System™ technology, Alpha iQ™ identifies the configuration of each pool for personalized cleaning. The powerful and long-lasting patented cyclonic suction system efficiency ensures optimal collection of all type of debris. In addition, its patented Lift System and the intuitive and remote control via the iAquaLink™ application of the Alpha iQ™ range provide real ease of use on a daily basis.

## Personalised cleaning

With its “**Sensor Nav System™**”, the **ALPHA iQ™** robot cleaner identifies the configuration of your pool to optimise its movements and cleaning time.

## Effective suction

Its patented cyclone suction is extremely powerful and long-lasting. Thanks to its extra-large suction capacity and very fine filtration system, the **ALPHA iQ™** optimally collects all types of debris.

## Easy-to-use

Thanks to its patented **Lift System**, **ALPHA iQ™** is lighter when removing it from the water. Its simple access to its filter and the visibility offered by its transparent window make it easy-to-use in all circumstances.

## Intuitive controls

Monitor cleaning progress at any time through the intuitive interface of the **iAquaLink™** application. **ALPHA iQ™** is upgradeable thanks to possible optimisations and automatic remote updates.

# COVERSTAR

## Automatic Safety Covers

Coverstar prevents the bad stuff like leaves, dirt and debris from getting into the pool whilst keeping the good stuff - heat, water and chemicals - from getting out. The Coverstar can help save up to 70% on heating and chemical costs.

With less time to worry about maintenance, upkeep, keeping the right chemical and heat levels you will have more time to relax and enjoy your pool.

Demo cover available to view

Various colour options are available for the composite decking. Samples are available on request from The Auto Covers Division.

# Roldeck Automatic Pool Cover

The Roldeck automatic pool cover is available for domestic and commercial pools, indoor or outdoor, and is versatile in the applications it offers. They are the ultimate in heat insulation, evaporation control, durability and aesthetic appearance.

The Roldeck cover is manufactured in interlocking sections similar to a Venetian blind. Each section simulates the double glazing system, with 0.5" of interspace combining the highest degree of insulation with evaporation control. The standard white sections are popular for indoor pools. On outdoor pools the solar slats with black bases promote high solar heat transfer.

A distinct advantage of Roldeck is that rain water will pass through the cover, and will not collect on top requiring removal by pump. The roller is powered by a 24 volt motor, with remote operation from a touch screen control with built-in safety lock feature.

All Roldeck covers are manufactured specifically for individual pool requirements.

## Geo Bubble 600

The GeoBubble extrusion has specifically been created to combat the attacks of UV and pool chemicals and has converted the limitations of a traditional bubble to great advantages.

## Foam Heat Retention Covers

Certikin foam heat retention covers are manufactured from a closed-cell PE foam. Our 6mm Thermalux is suitable for all heat retention purposes on pools run up to 30°C, and benefits from a laminated underside and a strong woven polyethylene top coat making it extremely hard wearing. The density of the material helps to keep light penetration to a minimum and therefore reduces algae growth.

# Certikin & Cranbourne Stone Coping & Paving

We have a large selection of Coping and Paving options, please contact us for a full quote.

# Certikin Vinyl Liners

A variety of colours and styles are available. They are manufactured using the highest quality materials and manufacturing techniques. Many more patterns and styles are available in the show room.

Liner Patterns

Patterned Wall & Floor Liner

Ceramic Liners

On-Site Lining

# Kadai Firebowls

Kadai Firebowls are a versatile addition to any garden for use as a fire bowl or barbeque. Kadais are traditionally used for cooking at festivals across India and have been in use for hundreds of years. Made in India using the same traditional methods these Kadais are made from recycled oil drums.

We also stock a wide range of accessories including grill trays, cooking tripod, swing grill, hot plates and warm racks.

# Zodiac Heat Pump

## FULL INVERTER TECHNOLOGY: SILENT AND ECONOMICAL

**Z550iQ** comes equipped with the Heatselect Technology. Operating speed is adjusted based on the required power and selected mode:

- **Boost:** maximum power for fast heat-up
- **Smart:** automatic power adjustment depending on temperature
- **Ecosilence:** further energy savings and lowest noise level

### FITS EASILY INTO SMALL PLACES

The **Z550iQ** is discreet and can be installed next to any pool. Thanks to its smaller footprint, requiring half the space of standard heat pumps and to its vertical air flow, it can be placed in the smallest spaces.

### EMBEDDED CONNECTIVITY

With your smartphone, you can remotely set and consult **Z550iQ** heat pump's different modes of operation. Once connected, **Z550iQ** benefits from continuous improvements thanks to remote automatic updates.

## Quantum AOP (Advanced Oxidation Process) from Electro Engineering

Quantum uses new ceramic Nano Crystal technology, a prime focus of the science world today; possessing the power to sterilise sewage into drinking water without the use of chemicals.

### Features & Benefits

- Photocatalytic TiO<sub>2</sub>/Mo oxidiser and clarifier
- Reduces the need for chemicals in the pool
- Average lamp life expectancy: 2 years
- Equipped with intelligent lamp life indicator
- Salt and sea water compatible
- Combined photocatalytic, hydroxyl radical and UV technology
- Eliminates contaminants, leaving water looking fresh and clean
- Keeps your family safe from dangerous microorganisms such as cryptosporidium, adenoviruses and naegleria fowleri
- Optional smart peristaltic dosing system for chlorine and hydrogen peroxide
- Powerful sterilisation and eliminates the smell of chlorine

# Pool Servicing

## Summer Maintenance

Wensum Pools Ltd offer a complete valet service on swimming pools where we can visit on a weekly, fortnightly or monthly basis. We will undertake the following on your swimming pool:

- Hoover pool manually each visit
- Backwash pool
- Clean tile line and steps
- Empty basket
- Test chlorine, pH and Total Alkalinity (TA) levels
- Clean pool cover
- Adjust chemicals if need
- Clean auto doser, injectors, etc.

## Winter Maintenance

Our winter service ensures that, once summer is over, your pool stays protected against the elements. Systems are drained, cleaned and treated using special chemicals to eliminate frost damage and easily bring the pool back to life.

Our service packages vary and include:

- Complete winter maintenance (Sept – April)
- Filter media changes
- Emergency call outs
- Leak protection
- Plant and boiler servicing
- Auto dosing servicing
- Heat pump and de-humidifier servicing
- Pressure washing paving, coping and covers
- Chemical deliveries
- Water testing

# Spa Servicing by Wensum Pools Ltd

Get peace of mind that your hot tub is running efficiently by servicing your spa every 12 months.

Wensum Pools recommend a yearly spa service to avoid a build-up of biofilm, scale and bacteria. Our service involves the following:

- Flushing through the pipework with a Hot Tub Flush. This will clear any oils, bacteria or grime that has built up in the pipework.
- Emptying the spa and giving the shell a good clean with surface cleaner. The jets, returns and the filter housing will all be checked.
- Emptying and re-filling the spa from your water supply.
- Cleaning the spa cover inside and out, as well as the spa surrounds.
- Checking that the pump and the spa central system are running correctly.
- Ensuring that the chemical balance is correct before leaving.

Over 20 hot tubs on display

# Jacuzzi Swim Spas

Built for performance, proficiency and power, the Jacuzzi swim spa range offers a multi-level fitness and spa swimming experience in one. Designed to provide exceptional resilience to extreme weather conditions, our ProEndure™ cabinetry houses a predictable and consistent current powered by our PowerPro™ swim jets. We've created some of the best swim spas in the UK, all offering hydromassage options in an all-round holistic health and aquatic fitness centre that's a perfect alternative to a traditional swimming pool. Excellent for all the family, experience superior long term health benefits by incorporating the swim spa into your daily wellness routine. Whether you're a beginner or Olympic level swimmer, experience quality performance all year-round while strengthening and toning muscles, decreasing stress and improving energy levels. Utilising significantly less space than a swimming pool, a swim spa offers a personalised swim right in your own home any time you like, incorporating the very best hydro technology, design and health innovations Jacuzzi is known for.

Jacuzzi PowerPro swimspas available in the J-16 or J-19.

# Pool Accessories and Chemicals

We have a large range of pool accessories and chemicals in stock at our showsite including pool & spa vacuums, nets & testing kits.

## Slidelock Telescopic & Monaco Reels

## Dosing Systems

## Zodiac eXO IQ salt chlorinator

## Quantum AOP

# Saunas

## Indoor Saunas

We are able to supply saunas from two of the leading manufacturers; Tylo and Harvia. There are many different solutions depending on your requirements.

## Outdoor Barrel Saunas

Available in clear or rustic Western Red Cedar. This simple design is highly effective, providing maximum useable space while minimizing excess cubic feet, which means the sauna will heat quickly and efficiently. The front wall section is set back to enhance the look of the sauna with a functional and decorative porch.

# Summer Houses

Add additional living space to your garden

Summer houses and gazebos are an affordable way to add space to your garden and create an additional living space to entertain guests or to enjoy the summer months.

Otto 3,6m<sup>2</sup>

The spacious Otto playhouse by Palmako is the ideal play den for your little ones to express their creativity and exercise their imagination. It will keep them safe from the elements whilst letting them enjoy the outdoors even during the cooler months of the year. The reversed apex type roof means that there will be ample roof height to cater to taller kids and the small front veranda will be an ideal threshold between outdoors and indoors, adding to the sense of a safe haven.

Anette 3,0 + 1,5m<sup>2</sup>

The Palmako Anette Wooden Sauna Room is a beautiful and modern sauna that is perfect for anyone who wants to relax and escape the stresses of everyday life. This sauna is made from Sustainable Nordic Spruce and Engineered to the Highest Standards, ensuring that it will be a stunning addition to any outdoor space.

Palmako's Anette Garden Sauna Room is spacious and inviting, with plenty of room to stretch out and relax. The wood-panelled walls and ceiling create a warm and inviting atmosphere, while the Optional heater ensures that the sauna is always at the perfect temperature.
